CDAIT Co-founder & Director Emeritus

### CHRONICLE OF DIGITAL TRANSFORMATION THROUGH INTERNET OF THINGS TECHNOLOGIES

Some biweekly perspectives from  
around the globe gathered by  
CDAIT

(2300 entries since April 1, 2022)

## Biweekly IoT News Digest (3/24 – 2)

### Georgia Tech IoT-related Info/Research Noticed by CDAIT

### IoT News and Market Reports

(Second Half of March 2024)

- Selected IoT-related announcements and featured activities/topics gathered by CDAIT from governments; agencies; consortia; alliances; associations; standards, research and other similar groups around the world – 16 entries:  
[https://cdait.gatech.edu/sites/default/files/2024-03/IoT\\_News\\_Filings\\_March\\_2024\\_Second\\_Half.pdf](https://cdait.gatech.edu/sites/default/files/2024-03/IoT_News_Filings_March_2024_Second_Half.pdf)
- Sample list of IoT-related market reports gathered by CDAIT – 65 entries: [https://cdait.gatech.edu/sites/default/files/2024-03/IoT\\_Market\\_Reports\\_March\\_2024\\_Second\\_Half.pdf](https://cdait.gatech.edu/sites/default/files/2024-03/IoT_Market_Reports_March_2024_Second_Half.pdf)

### Selected IoT Perspectives

#### The Internet of Things and Technical Debt

"In software development, or any other IT field technical debt is the implied cost of future reworking required when choosing an easy but limited solution instead of a better approach that could take more time. Analogous with monetary debt, if technical debt is not repaid, it can accumulate "interest", making it harder to implement changes." [Source: Wikipedia] --- "With the advent and growing prevalence of Internet of Things (IoT), this has led to the problem of technical debt becoming more acute. Previously, when systems were self-contained and with low connectivity, it was possible to keep technical debt relatively isolated. However, with IoT-enabled devices, not only is the sheer number of systems increasing, but technical debt becomes compounded. The technical sacrifices in individual devices themselves were not a problem, but taken a whole, the issue is much more apparent."
